

## WHAT WOULD HAPPEN?

Come and lay a little closer boy.  
I wanna feel your breath.  
I wanna feel your heavy body boy.  
Never wanna leave your side  
I wanna feel your body inside mine.  
Never wanna leave your eyes behind.  
My laughter fits so well with yours.  
What would happen if we never left this bed?  
Would we always be enough?  
I wish we'd live forever boy I'm sad that we will die.

What would happen if I called you and told you I'm in love?  
What would happen if I called you and told you I'm in love?

Never wanna leave your eyes behind.  
My laughter fits so well with yours.  
What would happen if we never left this bed?  
Would we always be enough?  
I wish we'd live forever boy I'm sad that we will die.

What would happen if I called you and told you I'm in love?  
What would happen if I called you

and told you I'm in love?  
What would happen if I called you and told you I'm in love?  
What would happen if I called you

and told you I'm in love?

## FINNA MIG

I wake up early  
Ready for another shitty day  
In my shitty life  
I'm getting dressed when I spot you outside

I wish'd you'd look at me  
Peeking through my window  
Why won't you notice me?  
Why won't you notice me?

Chorus  
Finna mig  
Viltu finna mig?  
Finna mig ég þarf að eiga við þig orð

I'm sitting on the bus  
I see you sat in front of me  
I wanna sit next to you  
I could eat you.  
I wanna make out?

I'm sat in geography  
Wondering where you are  
Where could we go together  
And make out  
I wanna make out

Chorus

Wish I could hold your hand  
You're sweet like milkshake  
I wanna place your lips on mine  
I wanna make out  
– make out - make out –

You're all I think about  
I really really wanna make out  
I really wanna make out  
All I can think about  
Is making out  
– let's make out –

Chorus

## HELLO WOMAN

Hello woman  
You weren't my first experience.  
But at that party you were my first lesbian  
You were old  
You were classy I was cheap.

You were the one with a green streak in  
your hair  
Kissing in the toilet.  
I was young  
You were classy I was cheap.

Short hair. Short nails. I felt it when you  
touched me.  
I loved it.  
I felt it when you touched me  
I loved it.  
I was tender like chicken.

We never told each other our names.  
Sorry for lying about my age.  
You were hot.  
You were classy. I was cheap.

Short hair. Short nails. I felt it when you  
touched me.  
I loved it.  
I felt it when you touched me  
I loved it.  
I was tender like chicken.  
SHORT HAIR. SHORT NAILS. I FELT IT  
WHEN YOU TOUCHED ME

## WHO I REALLY AM

I'm sorry to feel alone / so alone / so alone  
just can't see an end / its just one big  
disappointment  
I'm sorry to feel alone / so alone so alone  
sitting with my feelings / all my misplaced  
feelings

You don't have to be ok with everything /  
you will always find a reason to wake up in  
the morning  
I learned a lot about me last year  
who i really am who i really am

I got locked inside my room with the  
person I hated the most  
I hated myself I hated myself  
I couldn't talk anymore - my words were  
coming out strange  
i hated myself I hated myself

You don't have to be ok with everything /  
you will always find a reason to wake up in  
the morning  
I learned a lot about me last year  
who i really am who i really am

## GROW UP!

I hate when I don't know what I want  
And I hate when I can't get what I want  
I feel sad when my crush doesn't like me  
back  
And I hate when I can't do anything about  
that

Grow up  
Grow up  
Grow up  
Grow up  
I hate it when the pleasure and feelings  
aren't mutual  
I want the pleasure and the feelings to be  
mutual  
I hate my partner's parents  
And I hate being played

I hate when I don't know what I want  
And I hate when I can't get what I want  
I feel sad when my crush doesn't like me  
back  
And I hate getting hickies without  
permission

Grow up  
Grow up  
Grow up  
Grow up

## VIOLENT LOVE

I regret ever meeting you.  
I was so young and naive - you saw it  
You took advantage.  
I was brainwashed to think that I ever  
needed you.  
You pushed me until I said yes.  
Sometimes I cried while it was happ'ning.  
In the end, I learned to be numb.  
So it wouldn't hurt as much.

You knew that I was gay.  
But still you made me stay.  
You kept going many times  
Even if I said no.

I thought we'd get married and have kids  
and pets  
and all that shit.  
Fuck the silly people in my life  
who made me believe I needed a man.  
It was 3 years wasted.  
And I still hate dicks and I'll never like  
them  
The traumas you gave me they still haunt  
me.  
And get in the way of how I love.

chorus

You are a selfish, damaged, man-  
child.  
That needs a girl to be your mom,  
sex-doll and therapist.  
I don't have energy to hate you  
But dumping you was an act of self-love.

chorus

You are a selfish, damaged, man-child.  
That needs a girl to be your mom,  
sex-doll and therapist.

I don't have energy to hate you  
But dumping you was an act of self-love.  
Fuck you. Fuck you. Fuck you.

## **I DON'T FEEL ANYTHING AT ALL**

I don't feel anything at all  
I don't feel the butterflies  
I am supposed to love you  
But I'm sorry  
Cus I don't feel anything at all

## **THIRSTY BITCH**

Hey again,  
I just wanted to write to you and  
apologize,  
Some time after.  
Time can heal wounds.  
I know i told you in the beginning that I  
wanted to be casual.  
No falling in love.  
(No falling in love)

I was at a party for a very limited time and  
I wanted the best out of it.  
I am to this day - a thirsty bitch - a little  
thirsty bitch...  
I am to this day - a little thirsty... bitch...

I know its really though between us  
We both do  
But I want to  
Love you again and I hope you'll love me  
back  
You're the reason why  
I'm always smiling  
Maybe too much  
I believe - I want you to be my first  
I'm ready to have sex  
I'm ready to have sex

You're the one  
That I wanna give my love to  
You're the reason why  
I'm ready to have sex

Yours truly  
I'm the boy you saved  
You have to know - you've been changing  
lives  
At least you've been changing mine  
You have to know baby I'm gonna give you  
time.

But I know you maybe love another  
But know that I love you  
And I'm happy you are here  
Always remember the time we had  
together  
The laughter and the joy  
I'll always be your boy

I believe - I want you to be my first  
I'm ready to have sex  
I'm ready to have sex

You're the one  
That I wanna give my love to  
You're the reason why  
I'm ready to have sex

Yours truly  
I'm the boy you saved

You have to know - you've been changing  
lives  
At least you've been changing mine  
You have to know baby I'm gonna give you  
time.

**BROKEN HEART**

Oh I have a broken heart  
I'm too busy to be heart broken  
Got a lot of things that need to be done  
Oh I have a broken heart

And I'm crying all the time  
Got to keep it covered up with a smile  
And I'll keep on moving on for a while  
Oh I have a broken heart

Ooooooooooooo  
Ooooooooooooo  
Ooooooooooooo  
Ooooooooooooo

You broke my heart  
My heart  
You broke  
My heart  
You broke my heart  
My heart  
You broke  
My heart

I got a broken heart  
I got a broken heart  
I got a broken heart  
a broken heart

I got a broken heart  
I got a broken heart  
I got a broken heart  
a broken heart

I loved you and thought you loved me too  
I burned the polaroids of you  
I don't know how, I don't know when  
But some day, I'll feel ok again.

After all that we have shared  
If only you had truly cared  
I don't know how, I don't know when  
But some day, I'll fall in love again.

Ooooooooooooo

Ooooooooooooo  
Ooooooooooooo  
Ooooooooooooo

You broke my heart  
My heart  
You broke  
My heart  
You broke my heart  
My heart  
You broke  
My heart

I got a broken heart  
I got a broken heart  
I got a broken heart  
A broken heart

I got a broken heart  
I got a broken heart  
I got a broken heart  
A broken heart

I loved you and thought you loved me too  
I burned the polaroids of you  
I don't know how, I don't know when  
But some day, I feel ok again.

After all that we have shared  
If only you had truly cared  
I don't know how, I don't know when  
But some day, I fall in love again.

Stand on the word  
The word is love  
Stand on the word  
The word is love  
Stand on the word  
The word is love  
Sta-aaa-and  
Stand on the word  
The word is love  
Stand on the word  
The word is love  
Stand on the word  
The word is love  
Sta-aaa-and
